Note continued.

Before final action was taken on the

draft letter to the Residency referred to above

one Mr. T. Rajaram Rau of Bezwada was sent to the

Dewan by the Uttradi Matt in the latter part of

March 1905 for making certain representations on

behalf of the Matt. The Dewan was pleased to tell

him that if some responsible and well-informed

person such as Govindachar came and represented

matters, he would be given a hearing. Accordingly

both Rajaram Rau and Govindachar came to Banga-

lore and were given a hearing at some length at

the Dewan's residence on the 18th July 1905.

Govindachar represented that the omission to ob-

tain the previous permission of His Highness the

Maharajah of Mysore to the appointment of the

successor now installed as the High Priest of

the Matt was due to want of time for obtaining

such permission owing to the old SWAMY'S seri-

ous illness, and further that it would be incon-

venient on such occasions to obtain the permis-

permission of the several Rajahs who have endowed the
Matt with large grants.

In regard to the execution of the
Decree held by the Shanbhogues and some other hereditary
servants of the Matt, Govindachar stated that there
would be no objection to the servants in question being
paid any amount that might be thought proper in satisfac-
tion of their claim, but that the old Swamigulu was averse
to have any of these persons actually doing duty in the
Matt in view of the state of feeling that existed bet-
ween the servants and the Swamigulu.

I was thereupon directed to ascertain
and report who were the persons now living as represen-
tatives of the families of the different classes of ser-
vants who had obtained decrees against the Matt. This
information was furnished ~~in the statement~~ in the Office-
note and statements dated 23rd July 1905. It appears
therefrom that there are representatives now in exist-
ence in the case of all the 12 hereditary servants who
obtained decrees against the Matt.

The papers in the case were again gone

into by the Dewan on the 8th August 1905 and he was pleased to direct me to find out whether the sum of ^{Rs 54,371}~~Rs 58,000~~ now claimed by the hereditary servants as due to them up to date is agreed to by Govindachar

I thereupon went into the details of the question with Govindachar at great length on the night of the 9th instant, with Shanbogue Srinivasamurtiachar on the 10th and again with Govindachar on the 12th. The chief difficulty is as to the amount of income of the Mutt on the basis of which the percentage of $2\frac{1}{2}$ due to some of the Decree-holders has to be calculated. A list showing such income is contained in pages ¹⁰²⁻⁷~~101-6~~ of the printed book. In that list Rs 58,000 are shown as the total income from lands and Varusbasara etc. of the Mutt and after certain deductions the net income is shown as Rs 25,000/-. After making some deductions out of the gross-income the Shanbogue estimated the income at Rs 45,000, calculated ~~at~~ $2\frac{1}{2}\%$ thereon and paid court fee on the amount thus

thus obtained. Govindachar says that the calculations of the percentage should not be made on the gross-income but upon the net-income of Rs. 24,000 which again he says should be further reduced as some of the lands in Hyderabad territory have been resumed and others burdened with higher assessment. The details relating to this matter are noted in the accompanying statement showing the objections raised by Govindachar and the answers given by Shanbogi Srinivasamurtiachar. SI

On the above point, viz. the amount of income upon which the percentage should be calculated, I very respectfully beg to point out that in the decree of the Subordinate Judge (Mr. Ramaswami Iyer) which was eventually confirmed by the Chief Court, it is stated that the calculation must be made on the gross receipts. It therefore follows that at least as regards the amounts due under the decrees, only gross-income has to be taken and not the net-income. For the subsequent period not covered by the decrees, the question arises whether the amount payable may not be reduced considering that the Shanbagues and other servants did not perform duty in the interval.

Govindachar distinctly says as the opinion of the Swamigalu that ^{the} Shanbougues and other hereditary servants should not under any circumstances be admitted to do duty within the precincts of the Matt as the Swamigalu fears that, owing to the enmity that exists, the Shanbougues and other servants will not be faithful to him. He says that any amount that might be considered reasonable might be given to them for the past and for the future, and that they might, if desired, be employed upon the estates belonging to the Matt situated in the Mysore State. He states further that in the case of payments in future some monthly or annual fixed remuneration may be prescribed so as to avoid differences between the parties as to the actual income derived by the Matt in each year. To this Shanbogue Srividyaiahachar replies that by old custom the Shanbougues and other hereditary servants were always employed within the Matt and in attendance on the Swamigalu; that the decrees passed by the courts

directed their restoration to their respective appointments and not merely the payments of their emoluments, that if they are denied the privilege of working actually within the Matt as part and parcel of its establishments, they would lose the power which they had of personally watching over the interests of the Matt. He is not in favour of fixed remuneration being proscribed as there could be no check upon the Matt authorities leasing their lands for low values &c &c so on.

Govindachar states further that the Matt was under ~~for~~ former arrangements deriving very little income from the lands endowed to the Matt in the Mysore State, and that as the Mysore Government have ^{now} ~~not~~ attached them and are strictly making collections on behalf of the Matt besides restoring lands which had been alienated, there is no objection on the part of the Matt authorities to the attached lands continuing under the direct management of the Mysore Government on behalf of the Matt.

Govindachar states in conclusion that the Matt principal is very anxious to have the pending vexed questions settled as soon as possible. He is prepared to accept any arrangement

arrangement that may be suggested ^{by} ~~by~~ the Mysore Government after a careful consideration of the interests and dignity of the latter.

Submitted to His Highness

I beg to submit herewith a draft order re-
draft for app regarding the Uttaradi Mutt for gracious approval.

2. The draft sets forth the facts of the case in sufficient detail. I beg to add that the senior Swami has lately had an attack of paralysis. He is advanced in years and his condition is one of great anxiety. He is desirous that the disputes connected with the Uttaradi Mutt should be settled during his lifetime and has again sent Agent Govindachar to interview the Government in the matter.

3. As regards the choice of a successor, it is explained that the senior Swami was forced to select one suddenly in view of his serious illness. He was at that time far away from any telegraph station and could not think of obtaining His Highness' sanction to the proposed succession beforehand. The new Swami is acceptable to the community of his disciples and has already earned much sympathy and admiration at the hands of Madhava Siddantonahini Sabha.

und

4. As regards the decretal claims, nothing more than what the draft order settles is possible. There is a strong but natural reluctance on the part of the senior Swami to admit into personal service the hereditary servants who have long arrayed themselves against him. Hence the draft order provides for their employment in Mysore, which will chiefly be in connection with the Mutt properties.

5. The High Priest of the Mutt desires that the Government may continue to manage the properties of the Mutt as heretofore. Para 14 of the draft provides for this arrangement which will last so long as the High Priest of the Mutt wishes its continuance. The Mutt will, of course, be entitled to know how its affairs in Mysore are administered and to get any surplus that may remain after the charges of the Mutt are met with.

S.M.S.O. Sabha Office uddāpah

Dated 23rd February 1905.

From

M.R.Ry.

Cowkur Ramachandra Rao Garu, B.A., B.L.,

Honorary Secretary,

Sriman Madhva Siddhantonahini Sabha.

To

Sir. P.N. Krishnamurthi, B.L., K.C.I.E.,

Dewan of Mysore State,

B A N G A L O R E.

Sir,

I am directed by the Sriman Madhva Siddhantonahini Sabha to forward to you copy of the resolution passed by them at their annual meeting held at Padmasarovaram, also called Tiruchanur, on the 27th of December last, requesting the Government of His Highness the Maharaja of Mysore, to reconsider the order declaring that no ordination of a successor by the Head of a Matth shall be recognised unless it is sanctioned by His Highness.

2. The Sabha fully appreciates the laudable aim of the order in question, which they take to be, the securing of the best men in point of learning and character as the spiritual heads of the great Matths. But they apprehend that sufficient consideration has not been given to the practical difficulties of the order being strictly observed.

3. As a rule nomination of successor is made by a Matthadhipati in his last moments. The requisite facilities of communications may not exist in the place where it becomes necessary to make the nomination. If the ordination be not made in the lifetime of the dying Matthadipati, the filling

of the vacancy in the sacerdotal office will be attended with many difficulties as is shown by the case of the Sri Ahobala Matth. You are probably aware that according to the judgment of the Madras High Court in the Ahobala Matth case, a majority of the disciples of the Matth have the power of filling up the vacancy in cases where the deceased Matthadhipati did not appoint a successor. On account of the impossibility of making an exhaustive list of the voters residing in all parts of India and of assembling them in one place, the Ahobala Matth has remained without a spiritual Head for the last six years.

4. The strict enforcement of the order of His Highness' Government, will, the Sabha apprehends, lead to other Matths being placed in the deplorable condition in which the Ahobala Matth just now is, to the great mortification of the faithful disciples who require Thaptha Chakrankitam, Upadesam and other religious rites.

5. His Highness' Government which thank God, is a native Government, could easily realise the mental anguish of the devoted disciples of a Matth in being deprived of the means of purification which they sincerely believe as necessary steps for the salvation of their souls.

6. The Sabha understands that His Highness' Government were induced to pass the order in question in view of the fact that there are large endowments by them for the maintenance of Matths. Most of the Matths have endowments made or continued by the British Government and several native states. There is nothing to prevent the latter from claiming to exercise the same prerogative as His Highness' Government have done. What the consequence of such a claim will be, needs no description. The mischief, (the removal of which is the chief aim of the order) is capable of remedy by the force of public opinion which though slowly, yet effectively is asserting itself as could be gathered from the Srimukhams recent

ly issued by His Holiness the Swami of Uttaradi Matth sanctioning the opening and maintenance of religious schools and inaugurating the founding of Sabhas for promoting religious learning and rewarding of Pandits at the cost of the Matth and from the fact that His Holiness required the Secretary of the Sabha as indeed every respectable desciple who visited His Holiness to examine the jewels of the Matth in view to their proper preservation.

7. In the peculiar circumstances of the Matths, it seems to the Sabha that the order in question is likely to create discontent in the minds of the pious disciples.

8. The Sabha confidently hopes that His Highness' Government with their magnanimous and characteristic readines to meet the reasonable demands of all sections of the public will be graciously pleased to recall the order in question.

I have the honour to be,

Sir,

Your most obedient and humble servant,

C. Ramachandra Rao

Govt. Pro: No. 1621-34, dated 9th November 1904, declining to recognize the succession of Vedamurthi Jayachar as Swami of the Sri Uttaradi Matt at Hole-Narsipur, and directing the temporary attachment of the immo lands endowed to the Matt
Petition Regd. No. 2476, dated 31st Decr. 1905, from Shambhoji Shrinivasa Sivachari and other decree holders, praying for a settlement of their claims

Order thereon:—

In Proceedings (Muzrai) No.

1621-34 dated 9th November 1904, the Govt.

of H. H. the Maharaja of Mysore declined,

for the reasons stated therein, to recognise

the succession of Vedamurthi Jayachar as

Swami of the Sri Uttaradi Matt of Hole -

Narsipur and directed the temporary attachment of the immo lands situated in the Mysore State.

The necessity for such action

arose from the fact that the selection of

the new Guru was not previously reported for

the approval of H. H. the Maharaja, as required

by the Orders contained in Govt. Pro. No.

255-42 Muz. P. 102-92 dated, 14th December

1892 and without regard to the correspondence

which had taken place in the year 1891

between the Matt and H. H. the Maharaja

Krishna Raja Wodeyar Maharaja III, in which

a former Swami of the Matt proposed

to submit in accordance with previous custom

the question of nominating his successor if
the previous permission of H. H. the Maharaja,
that the Swamigalu had left unexecuted ~~and un-~~
~~attended to~~ certain decrees passed by the Chief
Court of Mysore directing the payment by the
Matt of the allowances and perquisites due to
the Shanbhogues and other hereditary servants
of the Matt, leaving the decree holders without
any means of redress except through the inter-
vention of the Courts, that the affairs of the
Matt had been allowed to fall into disorder,
many valuable lands having either been gifted
away or otherwise alienated in contravention
of the objects of the grant, and that the Matt
buildings in various places in Mysore territory
had been allowed to fall into a state of utter
disrepair.

2. Some time after the issue of the Orders
of the 9th November 1904, the Swamigalu sent
Agent Govindachar, the brother of the newly nomi-
nated Guru, to represent to the Dewan of Mysore
the circumstances relating to the succession
and to explain the other points connected with
the Matt's affairs, so that the Orders passed
might be re-considered. Govindachar has had

several long interviews with the Dewan and has represented on behalf of the present Senior Swami of the Matt that the omission to obtain the previous permission of H. H. the Maharaja to the appointment of the successor ~~on~~ now installed as the High Priest of the Matt was due to want of time owing to the old Swami's sudden and serious illness, and further that it would be inconvenient on such occasion to obtain the permission of the several Rajas who have endowed the Matt with large grants. He also explained that the newly nominated Guru, although young in years, is ~~fairly~~ well educated and is continuing his studies in the higher branches of Hindu religion and philosophy, that he is of noble fierce character and possesses all the qualifications ^{and} as to piety, austerity that are required in the High Priest of this important Matt. The Government are glad to find that the above mentioned description of the well known Swami's character and qualifications is fully borne out by verbal reports from

various disinterested quarters, and they are

accordingly happy, under the circumstances brought

to notice, to recognize the nomination of Veda-

merthi Jayachar, the newly ordained Swami, under

the ~~nom-de-plume~~ ^{name} of Sri ~~Suryana Theertham~~ ^{"Sri Padmalavaru"}

which he has assumed, as the future Swamikaln

or High Priest of the Sri Utteradi Matt in

succession to the present Guru, Sri Sathya Dheera

Theertha Sri Padmalavaru.

3. The foregoing sanction is conveyed on

the sole ground of the fitness of the new nominee

for the position of High Priest, and it should

not be construed as indicating an intention *on the part of Govt*

to relax the rules as to succession to Matts

contained in Govt. Pro. No. 235-42 dated 14th

December 1899. Those rules were framed with

the view of securing the succession to the control

of Matts to persons who are by character, conduct

and ^{previous} ~~to~~ fit for the position, and the con-

sent of H. H. the Maharaja from whom large endow-

ments have passed to the Matts is essential and

^{be} should [^] always obtained. There can be no difficulty

in obtaining such approval if, as directed in Rule 2

of the Rules contained in the Order quoted above,

a selection is made in due time of one or more persons fit to succeed and the requisite permission obtained from all persons concerned, instead of making the selection in haste during the last moments of the ~~presiding~~ Guru. If the consent of other Princes or Rulers has to be obtained, this will also have to be done as they too would naturally desire to have a voice in such an important matter.

4. In regard to the execution of the decree held by the Shanblokes and other hereditary servants of the Matt, Agent Govindachar has stated that the Swamigalu has no objection to the servants in question being paid any amount that might be thought proper in satisfaction of their claim both for the past and for the future, but that the old Swamigalu is averse to have any of these persons for actually doing duty in the Matt in view of the ill feeling that exists between the servants and the Swamigalu. A calculation of the amounts due was attempted with Govindachar representing the Matt and

Shanbhogue Srinivasa Murtiachar representing the decree holders, but there arose the initial difficulty as to the amount of income of the Matt which should be taken as the basis for calculating the $2\frac{1}{2}\%$ due to some of the decree holders. The Matt Agent ~~has~~ represented that the percentage payable to the decree holders should not be calculated on the gross income of Rs. 58,000 shown at the time of the Civil Court's decree, but upon the net income of Rs. 24,000 accruing after deducting certain payments and donations made annually by the Matt. The decree holders ^{*Srinivasa Murtiachar*} on the other hand contended that the calculation should be made on the gross income of Rs. 58,000 which after certain deductions they fixed at Rs. 45,000, calculated $2\frac{1}{2}\%$ thereon and paid Court Fee on the amount thus obtained. Upon this point, the Govt are of opinion that the decree holders must of course be paid at $2\frac{1}{2}\%$ of the gross receipts in accordance with the terms of the decree, deducting only the amount payable to Govt on account of Jodi & Co., and the cost of collection. A list showing the amounts claimed by the several decree holders, calculating the Matt's income in accordance with the Court's decrees, is appended, and it shows that an aggregate sum of

Rs 54,371 is claimed up to the end of the year 1903-04.

5. The Government are of opinion that no further time should be lost in settling this vexed question of the claims of the Shanbhogues and other servants of the Ratt in connection with the decrees held by them. The claims under the decrees having to be met from the Ratt's entire resources which are derived not only from the endowments from the Mysore State but also from those in the Hyderabad and other Native States and certain parts of British India and from Kanikes or donations from disciples from various parts of India, the Government consider that those claims can be met from the Ratt's estates in Mysore, only in proportion to the income from those estates, the balance payable being met from the revenues derived by the Ratt from other parts of India. The Govt are accordingly pleased to direct payment to the decree holders in accordance with this principle, the percentages being calculated on the cash grant of Rs 520 per ann.

and the actual annual income from the lands to the Matt in Mysore Territory. As these endowments which have been attached, will continue in the hands of the Govt until further orders, the decree holders will be asked to submit a list of their claims, together with authenticated copies of the decrees under which they claim, to the Secretary to Govt, Mysore Department, who will, after enquiry as to any recoveries that may have been already made by the parties, direct payment of their dues to them to the extent authorized by these orders, from out of the Matt's revenues deposited in the Govt Savings Bank in his name. The claims of the servants in question for the periods subsequent to the dates of the decrees held by them will also be dealt with in the same manner.

6. As the above decision will satisfy the claims of the decree holders only in part, the Swamikalu of the Sri Uttaradi Matt will be advised to pay the balance due to them, without loss of time, from the Matt's other resources.

7. Referring to Agent Govindachari's representations that the Senior Swamikalu of the Matt is averse to employ

the hereditary servants in question within the precincts of the Matt on the ground of illfeeling and that the said servants may be employed elsewhere and given a definite sum as their pay in future instead of the percentage emoluments hitherto drawn by them Government have to remark that they have no power to modify the decrees of the Courts in the manner suggested, that the restoration of the servants to their respective offices is an essential part of the decrees, which again are based on the old customs binding on the Matt, and that the fixing of ^a ~~the~~ definite sum as pay will defeat the object of the original arrangement by which the servants in question were to form an integral part of the Matt and watch its interests. The Swanigalu will be advised in the sense of the above views, and requested to act in accordance therewith. He will also be informed that failure to comply fully with the terms of the Courts decrees will be derogatory to the dignity of the Matt and will also subject the Swanigalu perpetually to the costs and worries of ~~the~~ litigation.

8 Agent Govindachar has stated that under the old arrangements the Matt was deriving very little income from the lands endowed to the Matt in the Mysore State, and that as the Mysore Government, which has attached the lands, is making the collections strictly and is using the proceeds for the benefit of the Matt, the Swamigalu has no objection to the land in question continuing under the management of the Mysore Government. The lands and the cash Tasdik endowed to the Matt from this State will continue under Government management as *unless further orders,* heretofore and will be used in the restoration of the dilapidated buildings belonging to the Matt in Mysore Territory and in rendering efficient ^{the} services performed in the various branches of the Matt in the State.

9 The Government are glad to note that the Swamigalu of the Uttaradi Matt has, during the past few years, been holding Sadhas in different places and rewarding persons possessing high qualifications in the Sanskrit language ^{and} Philosophy. This being a step in the right direction, the approbation of the Government will be communicated to the Swamigalu, but at the same time he will be requested to keep well

within the bounds of the Matt's income and
not ^{to} resort to debts in carrying out such
laudable under-takings.

In the Proceedings of the Govern-
ment read above, His Highness' Government
refused to recognize the succession of
Vedamurthi Jayachar as Swami of the Sri
Uttaradi Mutt of Hole-Narsipur without fur-
ther explanation mainly on two grounds: viz
(1) that the approval of His Highness the

not obtained before hand; and (2) that the extent of the nominee's learning was unknown.

2. On behalf of the old Swamigalavaru. ~~Govindachar~~ Govindachar, the brother of the newly nominated Guru, explains that the previous permission of the Government to the nomination of the successor could not be obtained in view of the old Swamigalu's sudden and serious illness which precipitated matters considerably. As regards the ^{the nominee's} extent of learning, he represents that the new Guru is well educated, continues his studies in the higher branches of Hindu religion and philosophy and possesses all the qualifications as to piety and austerity that are required in the High Priest of this important Mutt.

3. The Secretary to the Madhva Siddhatonnahini ^{Sabha} forwards with his communication, dated the 23rd February 1905, a copy of the Proceedings of the General Committee of the Sriman Madhva Siddhatonnahini Sabha held at Padmasarovaram on the 5th and 6th days of Margasara Bahula in the year Krodhi, corresponding to the 27th and 28th December 1904, in para 6 of which reference is made to the new Guru in very high terms. The opening and maintenance of religious schools and the founding of Sabhas for rewarding and promoting religious learning, at the cost of the Mutt, are the more important of the acts of the Swami referred to by the Secretary to the Sabha. The

Emu - Padmasarovaram - 1905

representation of ~~1900~~ Govindachar regarding the qualifications of the present Guru is thus corroborated by such a representative and authoritative body of disciples as the Madhva Siddhantonnahini Sabha.

4. In these circumstances, the Government of His Highness the Maharaja are pleased to accept the further explanation offered regarding the succession in question and to recognize the nomination of Vedamurthi Jayachar, the newly ordained Swami, under the name "Sri Sathya Gnana Theertha Sripada^vgalavaru" which he has assumed, as the future Swamigalu or High Priest of the Sri Uttaradi Mutt in succession to the old Guru, Sri Sathya Dheera Theerths Sripadaugalavaru".

5. The Secretary to the Madhva Siddhantonnahini Sabha raises the further question of the inexpediency of the orders of this Government, which require that their previous sanction to a proposed succession to the Mutt should be obtained and ~~1900~~ Govindachar also brings to notice the inconvenience resulting therefrom. The Government of His Highness realise that, in a case of sudden and serious illness of the presiding Guru for the time being, it may prove impracticable to apply for and secure the sanction of His Highness the Maharaja to a proposed succession. Rule III of the Rules of 1892 makes suitable provision to meet even such a contingency. In other

cases, there can be no difficulty whatever in conforming to the orders in force, which the Government of His Highness the Maharaja see no reason to revise in any respect.

6. As regards the decrees, for whose execution the decree-holders apply in their petition read above, the position is entirely unsatisfactory. A disposition on the part of the Mutt to give full effect to the decrees is lacking; while the decree-holders are unable to execute the decrees in foreign countries. The Mutt endowments being in the direct management of the Government, the consideration of the question of how best to satisfy the decretal claims can no longer be deferred, so far as Mysore ~~is~~ concerned.

7. The Mutt, through Agent ~~Govindachar~~ Govindachar, expresses its eagerness to have the question finally ~~arranged~~ settled, while the decree-holders are no less anxious in the matter. The Mutt has no objection to any settlement that the Government may decide upon as regards the amounts of money payable to the decree-holders, but the old Swamigalu is, not without some reason, averse to admit the present men into the Mutt for discharging duties of a personal character.

8. The hereditary servants of the Mutt are of two classes as regards their emoluments, viz., (1) those entitled to $2\frac{1}{2}$ per cent on the gross income of the Mutt (Statement A); (2) those entitled to

Lumpsum payments (Statement B).

9. Concerning the first class of hereditary servants, it is obvious that this Government are in a position to give effect to the decree only in so far as the gross income of the Mutt in Mysore is concerned. The Government have no means of knowing correctly the income yielded by the properties of the Mutt situated outside Mysore nor have they any concern with them. The Government of His Highness are accordingly pleased to authorize the payment of emoluments to the servants of this class at $2\frac{1}{2}$ per cent on the gross revenue derived by the Mutt in Mysore, ^{minus} ~~which after deduction~~ the amount of Jodi payable to the Government and the cost of management.

10. Statement B shows the claimants coming under the second class. Their lumpsum emoluments having been fixed with reference to the finances of the Mutt as a whole, they are, strictly speaking, entitled to receive from Mysore only sums proportionate to the revenues derived from the endowments in Mysore. But in view of the difficulty of striking a proportion between the Mutt's total income which is not readily and correctly ascertainable and that in Mysore, and of the comparatively small lumpsum amounts aggregating ^{Rs}442 a year, the Government of His Highness are pleased to authorize the payments of the entire sums out of the revenues of the Mutt in Mysore.

11. The decree-holders will be asked

to submit a list of their claims together with authenticated copies of the decrees under which they claim, to the Secretary to Government, Madras Department, who will, after enquiry as to any recoveries that might have been already made by the parties, direct payment of their dues to them to the extent authorized by these orders. The claims of the servants in question for the periods subsequent to the dates of the decrees held by them will also be dealt with in the same manner.

12. As the above decision will satisfy the claims of the decree-holders only in part, the Swamigalu of the Sri Uttaradi Mutt will be advised to pay the balance due to them, without loss of time, from the Mutt's other resources.

13. Referring to Agent Govindachari's representation that the Senior Swamigalu of the Mutt is averse to employ the hereditary servants in question within the precincts of the Mutt and that they may be employed elsewhere, and given a definite sum as their pay in future instead of the percentage emoluments hitherto drawn by them, Government have to remark that they cannot modify the decrees of the Courts in the manner suggested, as the restoration of the servants to their respective offices is an essential part of the decrees, and fixing of a definite sum as pay will defeat the object of the original arrangement by which the servants in question were to form an integral part of the Mutt and watch

its interests. The Swamigalu will be advised in the sense of the above views, and requested to act in accordance therewith. In the meanwhile the servants will be employed in Mysore in the best manner possible, as desired by the Mutt.

14. The two important questions of succession and satisfaction of decrees against the Mutt having been settled, the attachment of the Mutt properties ordered in the Government Proceedings read above must be withdrawn. Agent Govindachar, however, states that under the old arrangements the Mutt was deriving very little income from the lands endowed to the Mutt in the Mysore State, and that as the Mysore Government have been making the collections strictly and making the proceeds available for the benefit of the Mutt, the Swamigalu is agreeable to the lands in question continuing under the management of the Mysore Government. The lands and the cash Tasdik endowed to the Mutt from this State will continue under Government management as heretofore, so long as the High Priest of the Mutt desires such an arrangement to last. The Mutt will, of course, be entitled

to know how its affairs in Mysore are administered and to get any surplus that may remain after the charges of the Mutt are met with.

15. The Government are glad to note that the Swamigalu of the Uttaradi Mutt has, during the past few years, been holding Sabhas in different places, and rewarding persons possessing high qualifications in the Sanskrit language and Philosophy. This being a step in the right direction, the

approbation of the Government will be communicated to the Swamigalu with their hope that the expenditure entailed thereby will be well kept within the bounds of the Mutt's income.

- (1) Government Proceedings No. 1621-34, dated the 9th November 1904, declining to recognise the succession of Vedomurti Jayachar as Swami of the Sri Uttaradi Matt at Hole-Narsipur, and directing the temporary attachment of the Inam lands endowed to the Matt.
- (2) Communication dated the 23rd February 1905, received from the Honorary Secretary to the Sriman Madhwa Siddhantonnahini Sabha.
- (3) Petition Registered No. 2476, dated the 31st December 1905, from Shanbhog Srinivasa Murtiachar and other decree-holders, praying for a settlement of their claims.

No. 3779-92 $\frac{1}{2}$ —Muz. F. 3-1902, DATED BANGALORE, 9TH MARCH 1906.

ORDER THEREON.—In the Proceedings of the Government read above, His Highness' Government refused to recognize the succession of Vedomurti Jayachar as Swami of the Sri Uttaradi Matt of Hole-Narsipur, without further explanation, mainly on two grounds,—*viz.*, (i) that the approval of His Highness the Maharaja, as required by the orders contained in Government Proceedings No. 233-42—M. F. 102-92, dated the 14th December 1892, was not obtained beforehand; and (ii) that the extent of the nominee's learning was unknown.

2. On behalf of the old Swamigalavaru, Govindachar, the brother of the newly nominated Guru, explains that the previous permission of the Government to the nomination of the successor could not be obtained in view of the old Swamigalu's sudden and serious illness which precipitated matters considerably. As regards the extent of the nominee's learning, he represents that the new Guru is well educated, continues his studies in the higher branches of Hindu religion and philosophy and possesses all the qualifications as to piety and austerity that are required in the High Priest of this important Matt.

3. The Secretary to the Madhwa Siddhantonnahini Sabha forwards with his communication dated the 23rd February 1905, a copy of the proceedings of the General Committee of the Sriman Madhwa Siddhantonnahini Sabha held at Padma Saroyaram on the 5th and 6th days of Margasira Bahula in the year Krodhi, corresponding to the 27th and 28th December 1904, in para 6 of which reference is made to the new Guru in very high terms. The opening and maintenance of religious schools and the founding of Sabhas for rewarding and promoting religious learning at the cost of the Matt are the more important of the acts of the Swami referred to by the Secretary to the Sabha. The representation of Govindachar regarding the qualifications of the present Guru is thus corroborated by such a representative and authoritative body of disciples as the Madhwa Siddhantonnahini Sabha.

4. In these circumstances, the Government of His Highness the Maharaja are pleased to accept the further explanation offered regarding the succession in question and to recognize the nomination of Vedomurti Jayachar, the newly ordained Swami; under the name "Sri Satya Gnana Theertha Sripadangalavaru" which he has assumed, as the future Swamigalu or High Priest of the Sri Uttaradi Matt in succession to the old Guru "Sri Satya Dheera Theertha Sripadangalavaru."

5. The Secretary to the Madhwa Siddhantonnahini Sabha raises the further question of the inexpediency of the orders of this Government, which require that their previous sanction to a proposed succession to the Matt should be obtained, and Govindachar also brings to notice the inconvenience resulting therefrom. The Government of His Highness realize that, in a case of sudden and serious illness of the presiding Guru for the time being, it may prove impracticable to apply for and secure the sanction of His Highness the Maharaja to a proposed succession. Rule III of the Rules of 1892 makes suitable provision to meet even such a contingency. In other cases, there can be no difficulty whatever in conforming to the orders in force, which the Government of His Highness the Maharaja see no reason to revise in any respect.

Proceedings of the Government of His Highness the Maharaja of Mysore,

6. As regards the decrees, for whose execution the decree-holders apply in their petition read above, the position is entirely unsatisfactory. A disposition on the part of the Matt to give full effect to the decrees is lacking; while the decree-holders are unable to execute the decrees in foreign countries. The Matt endowments being in the direct management of the Government, the consideration of the question of how best to satisfy the decretal claims can no longer be deferred so far as Mysore is concerned.

7. The Matt, through Agent Govindachar, expresses its eagerness to have the question finally settled; while the decree-holders are no less anxious in the matter. The Matt has no objection to any settlement that the Government may decide upon as regards the amounts of money payable to the decree-holders; but the old Swamigalu is, not without some reason, averse to admit the present men into the Matt for discharging duties of a personal character.

8. The hereditary servants of the Matt are of two classes as regards their emoluments, *viz.*, (1) those entitled to two and a half per cent on the gross income of the Matt (statement A); (2) those entitled to lump-sum payment (statement B).

9. Concerning the first class of hereditary servants, it is obvious that this Government are in a position to give effect to the decree only in so far as the gross income of the Matt in Mysore is concerned. The Government have no means of knowing correctly the income yielded by the properties of the Matt situated outside Mysore, nor have they any concern with them. The Government of His Highness are accordingly pleased to authorize the payment of emoluments to the servants of this class at two and a half per cent on the gross revenue derived by the Matt in Mysore, minus the amount of Jodi payable to the Government and the cost of management.

10. Statement B shows the claimants coming under the second class. Their lump-sum emoluments having been fixed with reference to the finances of the Matt, as a whole, they are, strictly speaking, entitled to receive from Mysore, only sums proportionate to the revenues derived from the endowments in Mysore. But in view of the difficulty of striking a proportion between the Matt's total income, which is not readily and correctly ascertainable, and that in Mysore, and of the comparatively small lump-sum amounts aggregating Rs. 442 a year, the Government of His Highness are pleased to authorize the payments of the entire sums out of the revenues of the Matt in Mysore.

11. The decree-holders will be asked to submit a list of their claims together with authenticated copies of the decrees under which they claim, to the Secretary to Government, Muzrai Department, who will, after enquiry as to any recoveries that might have been already made by the parties, direct payment of their dues to them to the extent authorized by these orders. The claims of the servants in question for the periods subsequent to the dates of the decrees held by them will also be dealt with in the same manner.

12. As the above decision will satisfy the claims of the decree-holders only in part, the Swamigalu of the Sri Uttaradi Matt will be advised to pay the balance due to them, without loss of time, from the Matt's other resources.

13. Referring to Agent Govindachar's representation that the Senior Swamigalu of the Matt is averse to employ the hereditary servants in question within the precincts of the Matt, and that they may be employed elsewhere and given a definite sum as their pay in future instead of the percentage emoluments hitherto drawn by them, Government have to remark that they cannot modify the decrees of the Courts in the manner suggested, as the restoration of the servants to their respective offices is an essential part of the decrees, and the fixing of a definite sum as pay will defeat the object of the original arrangement by which the servants in question were to form an integral part of the Matt and watch its interests. The Swamigalu will be advised in the sense of the above views, and requested to act in accordance therewith. In the meanwhile the servants will be employed in Mysore in the best manner possible, as desired by the Matt.

Muzrai, dated 9th March 1906.

14. The two important questions of succession and satisfaction of decrees against the Matt having been settled, the attachment of the Matt properties ordered in the Government Proceedings read above must be withdrawn. Agent Govindachar, however, states that under the old arrangements the Matt was deriving very little income from the lands endowed to the Matt in the Mysore State, and that as the Mysore Government have been making the collections strictly and making the proceeds available for the benefit of the Matt, the Swamigalu is agreeable to the lands in question continuing under the management of the Mysore Government. The lands and the cash-Tasdik endowed to the Matt from this State will continue under Government management as heretofore, so long as the High Priest of the Matt desires such an arrangement to last. The Matt will of course be entitled to know how its affairs in Mysore are administered and to get any surplus that may remain after the charges of the Matt are met.

15. The Government are glad to note that the Swamigalu of the Uttaradi Matt has, during the past few years, been holding Sabhas in different places, and rewarding persons possessing high qualifications in the Sanskrit language and philosophy. This being a step in the right direction, the approbation of the Government will be communicated to the Swamigalu with their hope that the expenditure entailed thereby will be well kept within the bounds of the Matt's income.
